

Dates: January 11th - June 11th
School Hours: 9 - 3:30 pm
Lunch: One hour

Montana Hybrid Academy is a hybrid **online & outdoors** educational model that blends high-quality academic education and practical skill development for students between ages 10-14.

Our hybrid curriculum aims to enrich a student's remote learning experience and teach real-life skills to help your child succeed in these changing times.

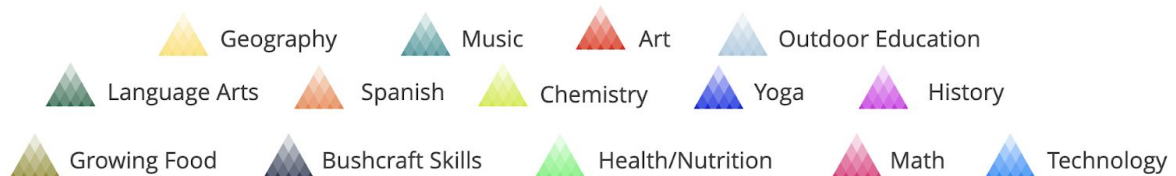

We educate for the development of the whole child and do not believe in teaching to a test. Our curriculum has been developed between **Montana Hybrid Academy**, **Beyond School**, and **Outdoor Educational Rangers** to help your child curate their love for learning and the outdoors.

M, T, R, & F your child will receive guided learning via Google Classrooms with an experienced teacher. Please know that we are very concerned about the amount of time children are asked to be spent in front of a screen and have built our curriculum to balance on and off-screen learning strategies.

Wednesdays have been built to get outside and learn about the outdoors in our **Bushcraft Wednesdays**. We will focus on outdoor education, community engagement, and bushcraft skills. We will be meeting in person for those that select the **Full-Time** option.

By selecting the **Remote Education** option we still have you covered! You will receive weekly get outside activities that you can decide to do or not do on your Wednesdays.

Our curriculum includes:

Structured teacher-led virtual classes taught by engaging teachers.

- *Peer-led class discussions*
- *Critical Thinking*
- *100% transparency*
- *Blending the best of technology and real-life learning*
- *One Room Classroom Model (if you are not familiar please read this [2020 Forbes Article](#))*
- *Daily vitamins in typing, grammar, math fundamentals*

Weekly Parental Bulletins & educational support

- *Receive updates on what your child is learning*
- *Constant communication on your child's progress*
- *A dedicated Educational Consultant to work with your family the entire year.*

+BUSHCRAFT WEDNESDAY *Lunch is provided

Get outside and develop our skills within nature, the wilderness, and our community.

- *Dedicated outdoor teachers that will teach a plethora of outdoor topics every week.*
- *Locations and activities will be announced in advance.*
- *Develop real-life skills in Montana outdoors.*
 - **Covid precautions*

Every student receives:

- *A welcome package full of Montana Hybrid Academy Goodies*
- *A weekly meal plan to help them take control over their own lunches, snacks in a healthy way.*
- *A weekly chore chart to help them be independent and helpful all at the same time.*
- *An open-source assessment to place them at the right level*
- *An end of year portfolio showcasing all of their hard work.*

Every parent receives:

- *A welcome package full of Montana Hybrid Academy Goodies.*
- *Weekly bulletins so you know exactly what your child is learning every week*
- *A personal MHA consultant that you can reach out to at any time with questions or concerns*
- *An invitation to free open-source educational events throughout the year*
- *A weekly meal plan that you can alter for your families needs and tastebuds*
- *A weekly chore chart (that you can alter) for you to create for your student.*
- *Assistance in setting up your child as a homeschooler and turning in any requirements.*

Thank you for considering Montana Hybrid Academy for your children's education. Please reach out to us if you have any questions or concerns.
